|-------------------------|----------------------------------|---------------------------------------|
| • Data Analysis | • Dashboard Creation | • Data Governance |
| • Data Visualisation | • A/B Testing & Experimentation | • Data Queries & Interpretation |
| • Data Modelling | • Statistical Computing Method | • Performance Metrics |
| • Business Intelligence | • Time Series Analysis | • Storytelling |
| • Predictive Modeling | • ETL (Extract, Transform, Load) | • Problem-Solving & Critical Thinking |

PROFESSIONAL EXPERIENCE

Data Analyst

Amdari Inc.- UK

August 2025 - Present

- Developed and implemented automated data validation and cleansing pipelines using SQL and Excel, reducing data errors by 25% and improving data accuracy for business intelligence applications, ensuring more reliable insights.
- Created highly interactive dashboards in Tableau and Power BI, enabling department leads to access real-time insights, reducing report preparation time by 40%, and improving data transparency across teams.
- Optimized SQL database performance by restructuring query logic and implementing indexing techniques, leading to a 30% improvement in data retrieval efficiency and reducing system lag for faster analytics.
- Established data governance best practices using SQL and Power BI, ensuring 100% compliance with industry regulations, enhancing data security, and standardizing data management across business units.
- Automated manual reporting workflows in Power BI and Excel, cutting report generation time by 50%, improving operational efficiency, and allowing teams to focus on high-value analysis and decision-making.
- Performed exploratory data analysis (EDA) using SQL to uncover hidden patterns and trends, providing executives with actionable insights that optimized decision-making and resource allocation.

Delivery Driver

Newsteam Group, Stoke-on-Trent

August 2025 – Present

- Deliver newspapers and other printed materials promptly during early morning hours, ensuring 100% route completion within scheduled timelines.
- Verify delivery quantities and addresses before dispatch, preventing delivery errors and ensuring accuracy in distribution.
- Navigate multiple routes efficiently using GPS and local knowledge to optimize delivery times and fuel consumption.
- Strictly adhere to traffic regulations and company safety protocols, maintaining a spotless driving record and reducing operational risks.
- Conduct daily vehicle inspections, including tire pressure, oil levels, and lighting systems, ensuring vehicles remain roadworthy and compliant with safety standards.
- Report any mechanical issues or route obstacles promptly to the supervisor to minimize disruptions and maintain operational efficiency.

Administrator

Reliant Angel Care, Birmingham, West Midlands

October 2024 – Present

- Serve as the primary administrative point of contact, ensuring smooth day-to-day office operations and supporting the management team in achieving organizational objectives.
- Manage front-desk and receptionist duties during staff absences, ensuring continuous service delivery and professional client engagement.
- Streamline office workflows by introducing and maintaining efficient administrative and record-keeping systems, resulting in improved task tracking and response times.
- Conduct regular audits of databases and digital records to ensure data accuracy, completeness, and compliance with internal policies and regulatory standards.
- Handle confidential information with utmost discretion in line with company data protection and confidentiality protocols.

Driver

Light Care Services Ltd, Portsmouth, Hampshire

April 2024 – July 2024

- Provided timely and reliable transport services for care staff, ensuring punctual arrival to client locations and scheduled duties.
- Maintained exceptional knowledge of local routes, traffic patterns, and alternative shortcuts to optimize travel efficiency and minimize delays.
- Demonstrated calmness and professionalism under pressure during peak hours and time-sensitive situations.
- Ensured adherence to all traffic laws, safety regulations, and company transport policies, maintaining a clean driving record throughout the period.
- Conducted routine vehicle inspections and maintenance checks to ensure vehicles remained roadworthy and compliant with safety standards.

Call Centre Agent

Simbisa Brands, Harare, Zimbabwe

March 2020 – February 2023

- Handled a high volume of inbound and outbound customer calls daily, providing prompt, courteous, and accurate responses to inquiries, orders, and complaints.
- Ensured maximum operational efficiency by strictly adhering to call centre schedules, service level agreements (SLAs), and performance targets.
- Demonstrated strong product knowledge to effectively promote and upsell company products and services, contributing to increased sales and customer retention.
- Collaborated closely with team members and supervisors to enhance workflow efficiency and achieve departmental performance goals.

Private Home Tutor

Self-Employed, Harare, Zimbabwe

January 2018 – January 2020

- Delivered personalized tutoring sessions across core subjects, adapting lesson plans to suit individual student learning styles and academic needs.
- Provided additional support for challenging subjects, ensuring thorough understanding before progressing to new topics.
- Designed and implemented structured study plans to improve comprehension, retention, and exam readiness.
- Assessed student performance regularly through quizzes, tests, and assignments, providing constructive feedback and actionable improvement plans.

EDUCATION

GCSEs | Ordinary level - Danhiko, Zimbabwe - 9 Subjects Including Mathematics and English 2002

A-Levels | Business Administration and economic - Peoples college, Zimbabwe - Certificate 2005

CERTIFICATION

Data Analytics - 10Alytics
